## HISTORY BEGINS AT HOME

This year has brought unique challenges beyond all of our control. We hope you fared well through this difficult time.

Despite being closed to the public, we have taken this opportunity to fulfil our mission and keep our membership informed. We have worked to increase our presence through social media and newsletter outlets. These sources have given us the opportunity to highlight our dedicated volunteers while showing the history of the Kell Family and the distinctness of the Kell House Museum.

We are pushing forward with the Kell House restoration efforts, which will be underway soon.

Unfortunately our spring fundraising and education events were cancelled this year leading to a shortfall of funding for events in 2020-2021. Through your membership we will be able to bridge this shortfall and continue our mission in the upcoming year.
